Commissioner for Patents

The reply filed on 30 September 2008 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the applicant claims that the subject matter the examiner considers New Matter in claims 62 and 85 is supported by the Original Disclosure. However, the applicant needs to show that all information needed to arrive at the 60 inches was disclosed and available to one of ordinary skill in the art at the time of filing. The examiner cannot find in Exhibits A-1 or B-1 where one of ordinary skill would arrive at a relevant length of the stalk roll of 17 inches from a given length in Exhibit A-1 of 22 inches. Additionally, the applicant does not explain the significance of the at least 60 inches when the actual amount of plant stalk throughout the calculations arrived at is 65 inches. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
